

Package For Operation Of “Finance Finder Site” Franchise

- Site URL : <https://www.financefinders.net/>

- This site performs searches for “private lenders” for clients with low credit scores, who could not obtain loans through traditional channels.

It is a very lucrative business, as this type of service is in high demand in these financial times.

Money is made available to people who usually very badly need it, and have no other means to do so.

Default on these loans is very low, as most people appreciate a “last chance” at borrowing and The possibility of re-building their credit again. A “new start” for most people.

The package includes a complete set of “Form Email Responses” to every possible emailed question and operation of this business.

Go to: <https://docs.google.com/document/u/0/> or
Individual files to your given email address - upon request as needed.

It is in fact a “turnkey operation” in every sense, and simplified so even a “*a complete novice “ can operate it.

* It is suggested that the operator should have some financial training and basic understanding of the lending process. Such as loan terms, interest rates, and how loans Work.

Computer literacy is essential, uploading information and retrieving it.
Sending information via *email and uploading it from the site.

***do not consider using this franchise in you don’t have basic email skills**

- **sending and receiving**
- **making and sending attachments**

This is a mid range “tech savvy” operation.

The site is being rented to you, and you can set your own rates for loans: **terms, interest rates and period of loan.**

We will supply you with current sales data of this site. Upon Request

Pricing: * \$750 per month - site rental and all accompanying instruction on a monthly basis

- *\$2,000 initial deposit required before any operations given to you.

- We will bill you.
- Or Western Union
